

YTHCON INVESTORS LETTER

The Church Now, Not Next.

What is YTHCON?

YTHCON is a Youth and Youth Leaders Conference designed to bring the church as whole together to understand the Youth aren't the future church, but they are the church right now. YTHCON is going on Year 7! We have seen tremendous growth, especially in these last two years. We decided it is time to step out in faith, and fulfill the vision that God gave us for YTHCON.

YTHCON has turned into the premiere youth event of SW MO. It is a 3 night event designed to bring middle and high school students and youth leaders into an atmosphere of being in the presence of the Creator of the Heavens and Earth to encourage, build up, and send out.

Our goal is to continue to pour in as God leads, and keep working to see more and more youth and youth leaders answer the call that God has for their life right now. We truly believe that through this conference as it continues to grow, that we will eventually get to where we are seeing thousands answer the call each year at YTHCON.

WHY INVEST IN YTHCON24?

We are seeking investors like you to join us in making YTHCON a success. We want to partner with people/business's who believe in the mission of YTHCON. Who believe in the youth of this generation that they are the church now, not next.

Your generous support will not only help cover the event costs but will also provide invaluable resources that directly contribute to the enrichment of every person in attendance. Your investment will be eternal.

Our goal for YTHCON is to always make it either free, or very low cost to attend YTHCON. We understand that some youth, and or church youth groups can't afford a lot. So we want to create a space where they can still experience, and start walking in the calling that God has for their life.

You will be the reason that Youth have a chance to Lead Worship.

You will be the reason that Youth can preach.

You will be the reason that Youth can Lead.

You will be the reason that every youth in this state, and the surrounding states know that they are THE CHURCH NOW, NOT NEXT.
